L'écriture manuscrite pour adultes

La méthode Alphascript, fruit d'un long travail de recherche et de développement, est protégée par le droit d'auteur. Les revenus de la vente sont indispensables au développement de matériel d'alphabétisation. Je propose sur mon site du matériel gratuit (fiches de travail, blog, guide du formateur). Les cahiers Alphascript n'en font pas partie. Je demande donc d'en acheter un exemplaire pour chaque apprenant et de ne pas les photocopier.
